

MORNING APPEAL.

Official Paper of Ormsby County.

Tuesday, July 3, 1888.

\$1,500.

When the APPEAL attempted to inform the public that there was \$4,500 on tap at this office to bet on 30 States the giddy compositor got it \$45.00, probably with the idea that these little figures more nearly represented the wealth of the office.

The \$4,500 don't belong to us, we are merely in for 50 per cent. of the winnings if we aid the capitalist in securing the bet.

Accident to Hank Martin.

On Saturday last County Commissioner Martin while attending to his wood drive near Genoa, was struck by a piece of wood which shot from the foot of the flume, and was knocked senseless. The wood piled on top of him and it took considerable work to extricate him. He was brought to the city and attended by Dr. Lee, who says he is badly bruised, but no bones are broken.

ALL SORTS.

—Yesterday was indeed a scorcher.

—A big crowd will go to Kaiser's Lake Tahoe ball on the 4th.

—Judge Rising and family passed through to the Lake yesterday.

—Ex-Senator Haines of Douglas county was in the city yesterday.

—Miss Taddie Doane arrived from the Indian Reservation yesterday.

—Mr. Geo. Morrison, agent for Bancroft & Co., arrived in Carson yesterday.

—Mrs. Geo. Hark has returned from her Eastern trip with her two children. Also Mrs. Zehner and Mrs. Geo. Ogden.

—District Attorney Torreyson and Paymaster Mills left Sunday morning for Hope Valley. They will return on the 5th.

—Mr. Cleveland has burned his ships; he stands before the country as the champion of free trade against protection.—Henry George.

—From all appearances the Old Fellows' picnic will draw an immense crowd to the city tomorrow. No liquor sold on the grounds, and no games of chance allowed.

—Geo. T. Davis has just received some pure Maple Syrup of this year's run, soldered and sealed in the rock Maple groves of Vermont.

Try it on biscuit and hot cakes.

—There was never such a rush of Chinese through the Port of San Francisco as during Cleveland's administration. No wonder the Mongolians say, "Hullah for Cleveland!"

—Fishing in the Carson above Jake Rosenbaugh on the Carson River is fine Jerry Raycraft says the wood drivers catch fish that weigh five and six pounds with their pickeroons.

—Two years ago the San Francisco Alta was roundly denouncing the anti-Chinese agitation and now it is trying to fight a Presidential campaign on this issue alone and a false issue at that.

—Your election will seal our industrial independence, as the Declaration of 1776, which bears the honored name of your great-grandfather, sealed our political independence.—Blaine to Harrison.

—No injuries effects can follow the use of Ayer's Ague Cure. It contains an unfailing antidote and specific for miasmatic poisons, together with remedial agents which purify and re-invigorate the system.

—The dropping of a semi-nude photograph in the street by a young lady, and its being picked up by another young lady has raised a lively rumpus between two families in this city.

"Johnny fill up the bowl."

—No medicine is more conscientiously prepared, more powerful, or more highly concentrated, than Ayer's Sarsaparilla. Its standard of excellence is the result of careful study. This preparation is acknowledged by the medical profession to be the best blood purifier.

—It is now stated that the coming rescript of the Pope on the Irish question will maintain absolute neutrality on all political questions.

This is rather a good idea for the Romish as well as all other churches to adopt.

When a church pokes its uninvited nose into politics it bodes no good either for the politics or the church.

Death of U. S. Marshal Kelly. U. S. Marshal Thomas E. Kelly died suddenly about noon yesterday from an attack of heart disease.

He was in his office in the Odd Fellows' building until after 11 o'clock with his nephew James Moore, making out his quarterly statements. He complained of feeling faint and started to go home.

After reaching home, Mr. Kelly complained of a terrible pain in the region of the heart, and John Flood summoned Dr. Webber. The doctor administered some medicine and departed, but just as he did so Mr. Kelly remarked to Flood, "I don't know what my poor children will do," and straightening out his limbs was dead before Mr. Flood returned with Dr. Webber, whom he stopped a short distance from Mr. Kelly's house.

REPUBLICAN CHANCES.

A Democratic Congressman sees but little hope for his Party.

WASHINGTON, June 29th.—Now that the Republicans have had ample time to look over the field and consider at leisure the strength of the ticket nominated at Chicago, there is a very decided feeling of satisfaction over its character and strength. The cry that was raised about Harrison's record on the Chinese question proving a heavy load to carry on the Pacific slope started some of those who were not conversant with his position while in the Senate, but that charge was soon exploded. Even the Democrats of California speak about that State in anything but an encouraging manner. They say that State is strongly for protection, and that no other question—not even excepting the Chinese cry—can overshadow it.

Those States which are regarded as certain for the Republicans will give their ticket 132 electoral votes. This is the starting point that Congressman Vance, the Democratic member from the First Connecticut District, took in figuring out the result for your correspondent to-night. He said:

A DEMOCRAT'S FIGURES.

"There is no use in our claiming any of these votes. They are all ways Republican, and are more apt to be now than at any other time on account of the tariff issue. Accepting this as the starting point, it is only necessary for the Republicans to secure nineteen more votes in order to carry the election. Fifteen of these they expect to get from Indiana and six from Connecticut, and that carries the day. Now the question to my mind is, can this be prevented? As to Indiana, I only know what is told me by Indiana Democrats. They do not even pretend to say that they have any great surety of a successful campaign in that State, but on the contrary are very much

ALARMED ABOUT THE OUTCOME.

"This being the case it becomes absolutely necessary for us to carry Connecticut. It will make no difference what kind of a majority New York gives Cleveland. It makes no difference how New Jersey goes, for without Connecticut Harrison will be elected. Now, I have just returned from my State, and am very much worried over the outlook. The people there are for protection before they are for anything else, and I hear a good many Democrats talking in a doubtful way about supporting the ticket on account of the Mills bill. The cry of FREE TRADE HAS FRIGHTENED THEM. And among the number are some very intelligent men—men whom you would suppose would not talk unless they knew what they were talking about. There is only one way to Democratic success next Fall, and that is by carrying Connecticut. That can never be done unless the fight is made hot and heavy from start to finish."

Mrs. Bowers.

On Thursday evening Mrs. Bowers will appear in this city in the greatest of her roles, Elizabeth.

The part of Elizabeth is to a tragedienne what Richieu is to a tragic actor. It is a great part; but it must be well played. Carson has seen all the tragic queens in the role. They have had their day, and there are no rising actresses to take their places. Mrs. Bowers, as great as any of them in this part, keeps her own place, and she owes it to the theater-going public to act that the world may continue to see great acting of this class.

A Good Appointment.

C. A. Witherell has resigned as Justice of the Peace, and yesterday the Commissioners appointed Mr. S. Summerfield in his place.

Carson All Right.

The appropriation for the Indian school has passed; also the Mint appropriation.

THE "FRIEND OF LABOR."

How Cleveland keeps up the salaries of Government Employees.

A letter has been received at the Mint from the Department at Washington to the effect that salaries must be reduced.

The idea is to have the watchmen paid \$2.50 a day and all wages to be reduced correspondingly.

Superintendent Garrard is considerably provoked to know what to do as trustworthy, competent men cannot be secured at these ridiculous figures.

The wages of Mint employees at San Francisco were cut down long ago and the pay of those employed in the Navy Yards have also felt the same along with the rest.

Yet while this nonsensical economy is going on and the surplus is growing the Democratic organs are filled with the boast that the Democratic administration is the "Great Friend of Labor."

ENGLISH OPINION.

Cleveland's Re-election is Very Generally Urged.

LONDON, June 29.—The English press comments on the Presidential campaign are prejudiced, selfish and ignorant. The Times strongly favors Cleveland. It thinks if Harrison should be elected Blaine would dictate his policy.

The Daily Telegraph, although for Cleveland, regards Harrison as of respectable merit.

The Standard, the leading Tory organ, does not think the nominations worth talking about.

The Daily News, Gladstone's organ says: English Liberals can hardly be expected to sympathize with a convention that clings to protection and condemns the arbitration of the fisheries dispute.

The Financial News thinks that Harrison's nomination insures Cleveland's re-election.

The Birmingham Post denounces the Republican platform.

The Leeds Mercury is polite to Harrison but thinks the chances are in favor of Cleveland, as Republican free traders will vote for him or not at all.

The Manchester Guardian is stout for free trade and ardent for Cleveland.

The Manchester Examiner says the Republican cause won't commend itself to English Liberals.

The Newcastle Chronicle thinks the Chicago Convention damaged Republican chances.

The Liverpool Post considers Harrison weak as against Cleveland.

The Glasgow Herald attacks Blaine and the Republican party, and says with President Cleveland Great Britain knows where she is.

Scott's Weekly says that British sympathy cannot fail to be on the side of President Cleveland.

The Dublin Freeman's Journal commends Harrison's nomination.

Harrison a Right.

The following telegram received from Senators Jones and Stewart explains itself:

WASHINGTON, June 30.

J. A. Stephens and L. P. Wardle:—Harrison was a member of Foreign Relations Committee which unanimously reported Morrow bill introduced by Fair in Senate, which passed Senate June 1, 1886, Harrison being present and favoring bill. This bill was all Pacific Coast asked and was satisfactory. It was referred in House to Committee on Foreign Relations, and never reported. Harrison is in favor of absolute exclusion of Chinese. His position on the silver question is entirely satisfactory. No nomination could have been made more favorable to the Pacific Coast or satisfactory to entire Republican party of the nation.

JOHN P. JONES,
WM. M. STEWART.

After so thorough a showing as the above, further attacks on Harrison's Chinese record would seem only to be born of malice and insanity.
